**Auditor’s Report on Standalone Financial Results for the quarter and half year ended September 30, 2021 of HDFC Life Insurance Company Limited**

To, The Board of Directors of  
**HDFC Life Insurance Company Limited**

1. We have audited the accompanying standalone financial results of HDFC Life Insurance Company Limited for the quarter and half year ended September 30, 2021 which are included in the accompanying Statement of Standalone Audited Results for the quarter and half year ended September 30, 2021, the statement of standalone Balance sheet as on that date and the standalone receipts and payment account for the half-year ended on that date being submitted by the Company, which has been digitally signed by us for identification purposes, pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and IRDA Circular reference: IRDAI/F&I/ REG/ CIR/208/10/2016 dated 25th October 2016 (“Standalone financial results”) and which have been approved by the Board of Directors on October 22, 2021.
2. These Standalone financial results have been prepared on the basis of the interim condensed financial statements prepared in accordance with the measurement and recognition principles specified in paragraph 3 below, which is the responsibility of the Company’s management. The management’s responsibility also includes the design, implementation and maintenance of internal control relevant to the preparation of the standalone financial results that is free from material misstatement, whether due to fraud or error.
3. Our responsibility is to express an opinion on these quarterly Standalone financial results based on our audit of such interim condensed financial statements, which have been prepared by the Company’s Management in accordance with the recognition and measurement principles laid down in Accounting Standard (“AS”) 25, “Interim Financial Reporting”, specified under Section 133 of the Companies Act, 2013 (“the Act”), including the relevant provisions of the Insurance Act, 1938 (the “Insurance Act”), the Insurance Regulatory and Development Authority Act, 1999 (the “IRDA Act”) and other accounting principles generally accepted in India, to the extent considered relevant and appropriate for the purpose of quarterly financial results and which are not inconsistent with the accounting principles as prescribed in the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors’ Report of Insurance Companies) Regulations, 2002 (the “Regulations”) and orders/directions/circulars issued by the Insurance Regulatory and Development Authority of India (“IRDAI”) to the extent applicable.
4. We conducted our audit in accordance with the Standards on Auditing and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial results are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts disclosed as financial results. An audit also includes assessing the accounting principles used and significant estimates made by management. We believe that our audit provides a reasonable basis for our opinion.

5. In our opinion and to the best of our information and according to the explanations given to us these quarter and half year ended to date Standalone financial results:
- I) are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 and IRDAI- IRDA Circular reference: IRDAI/F&I/REG/CIR/208/10/2016 dated 25<sup>th</sup> October 2016 in this regard; and
  - II) give a true and fair view of the net profit and other financial information for the quarter and half year ended September 30, 2021 and also the standalone statement of Balance sheet as at September 30, 2021 and the standalone receipts and payment account for the half-year ended on that date.

### Emphasis of Matter

6. We draw your attention to Note 5 to the Standalone financial results which describe the management's assessment of the impact of the outbreak of Coronavirus (COVID-19) on the business operations of the Company. In view of the uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in respect of this matter.

### Other Matter

7. The actuarial valuation of liabilities (including excess mortality reserve) for life policies in force and for policies in respect of which premium has been discontinued but liability exist is the responsibility of the Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities as at September 30, 2021 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory and Development Authority of India ("IRDAI") and the Institute of Actuaries of India in concurrence with the Authority. We have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exist, as contained in the interim condensed financial statements of the Company.

**Notes :**

- Analytical ratios have been calculated as per definition given in IRDAI Analytical ratios disclosure.
- The persistency ratios are calculated in accordance with the IRDAI circular no. IRDAI/F&A/CIR/MISC/256/09/2021 dated September 30, 2021 and hence are with a lag of one month.
- The persistency ratios for the quarter ended September 30, 2021 have been calculated for the policies issued in the June to August period of the relevant years. E.g.: the 13th month persistency for the current quarter is calculated for the policies issued from June 2020 to August 2020. The persistency ratios for quarter ended June 30, 2021 and September 30, 2020 have been calculated in a similar manner.
- The persistency ratios for the six months ended September 30, 2021 have been calculated for the policies issued in the September to August period of the relevant years. E.g.: the 13th month persistency for the current year is calculated for the policies issued from September 2019 to August 2020. The persistency ratios for the six months September 30, 2020 have been calculated in a similar manner.
- The persistency ratios for the year ended March 31, 2021 have been calculated for the policies issued in the March to February period of the relevant years. E.g.: the 13th month persistency for the current year is calculated for the policies issued from March 2019 to February 2020.
- Definition revised in accordance with IRDAI circular on 'Public Disclosures by Insurers' dated September 30, 2021; persistency for individual policies; figures of comparative period have been restated as per revised definition.

The joint statutory auditors have digitally signed this statement for identification purposes only and this Statement should be read in conjunction with their report dated October 22, 2021.

Notes :

- The Asset Cover Ratio computation is in accordance with the SEBI Circular SEBI/ HO/MIRSD/ CRADT/ CIR/ P/2020/230 dated November 12, 2020 and net assets are excluding Policyholders funds and Funds for Future Appropriations. Assets Cover ratio is computed as net assets divided by total borrowings.
- Debt-Equity Ratio is computed as Total borrowings divided by Equity. Equity is calculated as shareholder's funds excluding redeemable preference shares, if any.
- DSCR is computed as Profit before interest and tax divided by interest expense due together with principal repayments of long-term debt during the period. Tax for the purpose of this ratio includes tax of the company reduced by tax pertaining to par segment.
- ISCR is computed as Profit before interest and tax divided by interest expense due. Tax for the purpose of this ratio includes tax of the company reduced by tax pertaining to par segment.
- Net worth represents shareholder's funds excluding redeemable preference shares, if any.
- Net profit/ loss after tax is the profit after tax as per shareholders account.
- Current ratio is computed as Current assets divided by Current Liabilities. Current Liabilities includes provisions.
- Current liability ratio is computed as Current Liabilities divided by Total Liabilities. Total Liabilities for the purpose of this ratio includes Borrowings, Policyholder's liabilities, Funds for future appropriation and Current liabilities. Current Liabilities includes provisions.
- Total debt to total assets is computed as Borrowings along with Interest expense due on borrowings divided by Total Assets.
- Not applicable to insurance companies.
- Sector specific equivalent ratios are as disclosed in Analytical ratios forming part of Standalone audited financial SEBI results.

## Notes:

1. The standalone results of the company for the quarter and six months ended September 30, 2021 were reviewed by the Audit Committee and subsequently approved by the Board of Directors at its meeting held on October 22, 2021.
2. The standalone financial results have been prepared in accordance with the requirements of Regulation 33 and Regulation 52 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, to the extent applicable, and IRDAI Circular IRDA/F&I/REG/CIR/208/10/2016 dated October 25, 2016 on publication of financial results for Life Insurance companies.
3. In view of seasonality of industry, the results of interim period are not necessarily indicative of the results that may be expected of any other interim periods or for the full year.
4. During the quarter ended September 30, 2021, the Company has allotted 991,817 equity shares of face value of ₹10 each pursuant to exercise of employee stock options.
5. In light of the COVID-19' pandemic outbreak, its continuous effect and information available up to the date of approval of these financial statements, the Company has assessed the impact of pandemic on its assets, including valuation and impairment of investments, liabilities including policy liability and solvency position. Based on the evaluation, the Company carries:
  - (a) Adequate impairment provisions on the investments to an extent necessary and
  - (b) Excess Mortality Reserve (EMR) of ₹ 20,400 lakh as at the Balance Sheet date for potential adverse mortality expected due to pandemic. This reserve are over and above the policy level liabilities calculated based on the applicable IRDAI regulations and based on our current expectation of extra claims to be received in the future, both of which are certified by the appointed actuary.The Company has also assessed its solvency position as at the Balance sheet date and is at 190% which is above the prescribed regulatory limit of 150%. Further, based on the Company's current assessment of the business operations over next one year, it expects the solvency ratio to continue to remain above the minimum limit prescribed by the Insurance regulator.

The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements. The Company will continue to closely monitor any material changes to future economic conditions
6. The accounting policies and practices which are material for the purpose of determining results of operations for the period ended September 30, 2021 are consistent with those adopted in the financial statements for the previous financial year ended March 31, 2021.

The Company had been consistently following the conservative practice of accounting for provision for lapsation in line with the generally accepted accounting principles. Pursuant to IRDAI letter dated December 08, 2020, the Company had, during FY 2020-21, changed its accounting policy of accruing provision for lapsation on premiums due. The change in accounting resulted in an increase in premium income and actuarial reserves with a resultant net impact on profit for the period ended September 30, 2021, which is not material to the financial statements.
7. In accordance with the requirements of IRDAI circular on 'Public Disclosures by Insurers' dated September 30, 2021, the Company will publish the financials on the company's website not later than November 5, 2021.
8. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified, as several state governments are yet to formulate their rules. The Company is in process of evaluating the financial impact, if any.
9. The Board of Directors of the Company approved the Share Purchase and Share Swap Agreement dated 3rd September, 2021, entered into by and amongst the Company, Exide Industries Limited and Exide Life Insurance Company Limited, in connection with the acquisition of 100% of the share capital of and subsequent merger of Exide Life Insurance Company Limited into the Company for a total consideration of Rs. 668,700 lakhs.

The proposed preferential issuance of equity shares to Exide Industries, has been approved by shareholders of the Company at the Extra Ordinary General Meeting held on 29th September, 2021. The transaction is subject to necessary regulatory approvals, which are currently awaited.
10. Figures of the previous period have been regrouped wherever necessary, in order to make them comparable.
11. The above standalone financial results have been audited by joint statutory auditors of the Company.

To The Board of Directors

**HDFC Life Insurance Company Limited**

1. We have reviewed the unaudited consolidated financial results of HDFC Life Insurance Company Limited (the “Parent”), and its subsidiaries (the parent and its subsidiaries hereinafter referred to as the “Group”), for the quarter and half year ended September 30, 2021 which are included in the accompanying Consolidated unaudited Financial Results, the unaudited consolidated statement of Balance sheet on that date and the consolidated unaudited receipts and payments account for the half year ended on that date (the “Statement”). The Statement is being submitted by the Parent pursuant to the requirement of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, which has been digitally signed by us for identification purposes.
2. This Statement, which is the responsibility of the Parent’s Management and approved by the Parent’s Board of Directors, has been prepared in accordance with the recognition and measurement principles laid down in Accounting Standard (‘AS’) 25, “Interim Financial Reporting”, specified under Section 133 of the Companies Act, 2013 (“the Act”), including the relevant provisions of the Insurance Act, 1938 (the “Insurance Act”), the Insurance Regulatory and Development Authority Act, 1999 (the “IRDA Act”) and other accounting principles generally accepted in India, to the extent considered relevant and appropriate for the purpose of quarterly and half yearly financial results and which are not inconsistent with the accounting principles as prescribed in the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditors’ Report of Insurance Companies) Regulations, 2002 (the “Regulations”) and orders /directions/circulars issued by the Insurance Regulatory and Development Authority of India (“IRDAI”). Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410 “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”, issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the circular issued by the SEBI under Regulation 33 (8) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, to the extent applicable.

4. The Statement includes the results of the following entities:
  - a) HDFC Pension Management Company Limited and
  - b) HDFC International Life and Re Company Limited
5. Based on our review conducted and procedures performed as stated in paragraph 3 above, nothing has come to our attention that causes us to believe that the accompanying Statement has not been prepared in all material respects in accordance with the recognition and measurement principles laid down in the aforesaid Insurance Act, IRDA Act, and other accounting principles generally accepted in India and to the extent considered relevant and appropriate for the purpose of these consolidated financial results and which are not inconsistent with the accounting principles as prescribed in the Regulations and orders/directions/circulars issued by IRDAI to the extent applicable and has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, including the manner in which it is to be disclosed, or that it contains any material misstatement.
6. We draw your attention to Note 5 to the consolidated financial results which describe the management's assessment of the impact of the outbreak of Coronavirus (COVID-19) on the business operations of the Company. In view of the uncertain economic environment, a definitive assessment of the impact on the subsequent periods is highly dependent upon circumstances as they evolve. Our opinion is not modified in respect of this matter.
7. The actuarial valuation of liabilities (including excess mortality reserve) for life policies in force and for policies in respect of which premium has been discontinued but liability exist is the responsibility of the Parent Company's Appointed Actuary (the "Appointed Actuary"). The actuarial valuation of these liabilities as at September 30, 2021 has been duly certified by the Appointed Actuary and in his opinion, the assumptions for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory and Development Authority of India ("IRDAI") and the Institute of Actuaries of India in concurrence with the Authority. We have relied upon the Appointed Actuary's certificate in this regard for forming our opinion on the valuation of liabilities for life policies in force and for policies in respect of which premium has been discontinued but liability exist, as contained in the consolidated unaudited financial results of the Group.
8. We did not review the interim financial results of one subsidiary included in the consolidated unaudited financial results, whose interim financial results reflect total assets of Rs. 2,698,190 ('000) and net assets of Rs. 1,817,417 ('000) as at September 30, 2021 and total revenues of Rs. 242,378 ('000) and Rs. 472,856 ('000) and total net profit/(loss) after tax of Rs. 3,851 ('000) and Rs.(332,181) ('000), for the quarter and half year ended September 30, 2021 respectively, and cash flows (net) of Rs. (424,696) ('000) for the half year ended September 30, 2021, as considered in the consolidated unaudited financial results. These interim financial results have been reviewed by their auditor in accordance with ISRE 2410, Review of Interim Financial Information Performed by Independent Auditor of the Entity and their report, vide which they have issued an unmodified conclusion, have been furnished to us by the Management and our conclusion on the Statement, in so far as it relates to the amounts and disclosures included in respect of this subsidiary, is based solely on the reports of the other auditor and the procedures performed by us as stated in paragraph 3 above. Our conclusion on the Statement is not modified in respect of the above matters.

9. The consolidated unaudited financial results includes the financial results of one subsidiary which has not been reviewed by their auditor or by us, whose interim financial results reflect total assets of Rs. 695,577 ('000) and net assets of Rs. 541,375 ('000) as at September 30, 2021 and total revenue of Rs. 61,826 ('000) and Rs. 105,838 ('000) and total net profit after tax of Rs. 13,637 ('000) and Rs. 21,609 ('000) for the quarter and half year ended September 30, 2021 respectively and cash flows (net) of Rs. 31,260 ('000) for the six month ended September 30, 2021 as considered in the consolidated unaudited financial results. According to the information and explanations given to us by the Management, financial results are not material to the Group. Our conclusion on the Statement is not modified in respect of the above matter.

**Notes :**

- Analytical ratios have been calculated as per definition given in IRDAI Analytical ratios disclosure.
- The persistency ratios are calculated in accordance with the IRDAI circular no. IRDAI/F&A/CIR/MISC/256/09/2021 dated September 30, 2021 and hence are with a lag of one month.
- The persistency ratios for the quarter ended September 30, 2021 have been calculated for the policies issued in the June to August period of the relevant years. E.g.: the 13th month persistency for the current quarter is calculated for the policies issued from June 2020 to August 2020. The persistency ratios for quarter ended June 30, 2021 and September 30, 2020 have been calculated in a similar manner.
- The persistency ratios for the six months ended September 30, 2021 have been calculated for the policies issued in the September to August period of the relevant years. E.g.: the 13th month persistency for the current year is calculated for the policies issued from September 2019 to August 2020. The persistency ratios for the six months September 30, 2020 have been calculated in a similar manner.
- The persistency ratios for the year ended March 31, 2021 have been calculated for the policies issued in the March to February period of the relevant years. E.g.: the 13th month persistency for the current year is calculated for the policies issued from March 2019 to February 2020.
- Definition revised in accordance with IRDAI circular on 'Public Disclosures by Insurers' dated September 30, 2021; persistency for individual policies; figures of comparative period have been restated as per revised definition.

## Notes:

1. The consolidated financial results of the group for the quarter and six months ended September 30, 2021 were reviewed by the Audit Committee and subsequently approved by the Board of Directors at its meeting held on October 22, 2021.
2. The consolidated financial results have been prepared in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, to the extent applicable, and IRDAI Circular IRDA/F&I/REG/CIR/208/10/2016 dated October 25, 2016 on publication of financial results for Life Insurance companies.
3. In view of seasonality of industry, the results of interim period are not necessarily indicative of the results that may be expected of any other interim periods or for the full year.
4. During the quarter ended September 30, 2021, the Holding company has allotted 991,817 equity shares of face value of ₹10 each pursuant to exercise of employee stock options.
5. In light of the COVID-19' pandemic outbreak, its continuous effect and information available up to the date of approval of these financial statements, the Company has assessed the impact of pandemic on its assets, including valuation and impairment of investments, liabilities including policy liability and solvency position. Based on the evaluation, the Group carries:
  - (a) Adequate impairment provisions on the investments to an extent necessary and
  - (b) Excess Mortality Reserve (EMR) of ₹ 20,400 lakh as at the Balance Sheet date for potential adverse mortality expected due to pandemic. This reserve are over and above the policy level liabilities calculated based on the applicable IRDAI regulations and based on our current expectation of extra claims to be received in the future, both of which are certified by the appointed actuary.The Holding Company has also assessed its solvency position as at the Balance sheet date and is at 190% which is above the prescribed regulatory limit of 150%. Further, based on the Holding Company's current assessment of the business operations over next one year, it expects the solvency ratio to continue to remain above the minimum limit prescribed by the Insurance regulator.  
The impact of the global health pandemic may be different from that estimated as at the date of approval of these financial statements. The Group will continue to closely monitor any material changes to future economic conditions.
6. The accounting policies and practices which are material for the purpose of determining results of operations for the period ended September 30, 2021 are consistent with those adopted in the financial statements for the previous financial year ended March 31, 2021.  
The Holding Company had been consistently following the conservative practice of accounting for provision for lapsation in line with the generally accepted accounting principles. Pursuant to IRDAI letter dated December 08, 2020, the Holding Company had, during FY 2020-21, changed its accounting policy of accruing provision for lapsation on premiums due. The change in accounting resulted in an increase in premium income and actuarial reserves with a resultant net impact on profit for the period ended September 30, 2021, which is not material to the financial statements.
7. The Code on Social Security, 2020 ('Code') relating to employee benefits during employment and post-employment benefits received Presidential assent in September 2020. The Code has been published in the Gazette of India. However, the date on which the Code will come into effect has not been notified, as several state governments are yet to formulate their rules. The Company is in process of evaluating the financial impact, if any.
8. The Board of Directors of the Company approved the Share Purchase and Share Swap Agreement dated 3rd September, 2021, entered into by and amongst the Company, Exide Industries Limited and Exide Life Insurance Company Limited, in connection with the acquisition of 100% of the share capital of and subsequent merger of Exide Life Insurance Company Limited into the Holding Company for a total consideration of ₹ 668,700 lakhs. The proposed preferential issuance of equity shares to Exide Industries, has been approved by shareholders of the Company at the Extra Ordinary General Meeting held on 29th September, 2021. The transaction is subject to necessary regulatory approvals, which are currently awaited.
9. Figures of the previous period have been regrouped wherever necessary, in order to make them comparable.
10. The above consolidated financial results have been reviewed by joint statutory auditors of the Holding Company.

**Mumbai, October 22, 2021:** The Board of Directors of HDFC Life approved and adopted today the audited standalone and reviewed consolidated financial results for the half year ended September 30, 2021. Below is the summary of our standalone results:

Commenting on the current situation, Ms. Vibha Padalkar, MD & CEO said “With the vaccination program going well, approximately 70% of the adult population has received at least one dose, and we are hopeful that the intensity of any subsequent covid wave will be muted. Consumer sentiment remains buoyant and we are optimistic about sustained increase in business in the coming few months.”

Commenting on the H1FY22 performance, Ms. Vibha Padalkar, MD & CEO said “Our business performance remains strong with 22% growth and private market share of 16.2% in terms of Individual WRP in H1 FY22. New business margin (NBM) expanded by 130 bps with NBM at 26.4% for H1 FY22, higher than 25.1% in H1 FY21. Value of New Business was Rs 1,086 crore, recording a robust growth of 30% over last year. Our Profit after Tax stands at Rs. 577 crore for H1 (26% lower than H1 FY21), on the back of higher claims reserving warranted by the second wave of the pandemic.

The product mix was balanced with non-par savings at 32%, participating products at 30% and ULIPs at 26% on APE basis. Annuity business registered healthy growth of 47% vis-à-vis H1 FY21, with annuities contributing about 24% of our new business premium. We view protection business in a holistic way. Protection APE including group recorded yoy increase of 41% for H1 and comprises 21% of our new business premium. We have a wide range of products in our portfolio, both on the retail and group side, to address varying customer needs through multiple distribution channels.

Further, on claims, we settled around 2,00,000 claims in H1 FY22. Gross and net claims amounted to Rs 3,640 crore and Rs 2,466 crore respectively. The overall experience has been in line with our projections and we carry an Excess Mortality Reserve (EMR) of Rs 204 crore into H2 FY22.

Our subsidiary, HDFC Pension, crossed the milestone of 20,000 crore AUM and registered 97% growth yoy. The pace of growth has accelerated significantly - it took us 7 years to achieve the first 10,000 crore mark and

only 14 months for the next 10,000 crores. HDFC Pension continues to be the #1 private Pension Fund Manager (PFM) in terms of NPS AUM with a market share of 36% as on 30th Sep, 2021.

We believe that the current environment is conducive for a robust growth of the life insurance sector as there is an increased awareness about life insurance as a financial protection tool.”

**Other key highlights for the year ending September 30, 2021:**

- **Overall Market Share:** Ranked #1 in terms of Overall New Business Premium in private sector with market share at 22.3%; Private market share within group and individual new business segment of 28.1% and 16.2% respectively
- **Product Portfolio:** Continue to maintain a balanced product mix with share of participating savings, non participating savings, ULIPs, protection and annuity accounted for 30%, 32%, 26%, 7% and 5% of Individual APE respectively
- **Distribution Mix:** Diversified distribution mix is evidenced by wide access to our customers with over 300 partners and 1 lakh+ agents as on September 30, 2021,urther supplemented by 372 branches spread across the country
- **Assets Under Management:** AUM of Rs. 1.9 lakh Cr. (Debt: Equity mix 62:38); over 98% of debt investments in G-Secs and AAA bonds

**Definitions and abbreviations**

- **Annualized Premium Equivalent (APE)** - The sum of annualized first year regular premiums and 10% weighted single premiums and single premium top-ups
- **Assets under Management (AUM)** - The total value of Shareholders' & Policyholders' investments managed by the insurance company
- **Embedded Value Operating Profit (EVOP)** - Embedded Value Operating Profit ("EVOP") is a measure of the increase in the EV during any given period, excluding the impact on EV due to external factors like changes in economic variables and shareholder-related actions like capital injection or dividend pay-outs
- **First year premium** - Premiums due in the first policy year of regular premiums received during the financial year. For example, for a monthly mode policy sold in March 2021, the first monthly instalment received would be reflected as First year premiums for 2020-21 and the remaining 11 instalments due in the first policy year would be reflected as first year premiums in 2021-22, when received
- **New business received premium** - The sum of first year premium and single premium, reflecting the total premiums received from the new business written

- **Operating expense** - It includes all expenses that are incurred for the purposes of sourcing new business and expenses incurred for policy servicing (which are known as maintenance costs) including shareholders' expenses. It does not include commission
- **Operating expense ratio** - Ratio of operating expense (including shareholders' expenses) to total premium
- **Operating return on EV** - Operating Return on EV is the ratio of EVOP (Embedded Value Operating Profit) for any given period to the EV at the beginning of that period
- **Persistency** - The proportion of business renewed from the business underwritten. The ratio is measured in terms of number of policies and premiums underwritten
- **Premium less benefits payouts** - The difference between total premium received and benefits paid (gross of reinsurance)
- **Renewal premium** - Regular recurring premiums received after the first policy year
- **Solvency ratio** - Ratio of available solvency margin to required solvency margin
- **Total premium** - Total received premiums during the year including first year, single and renewal premiums for individual and group business
- **Weighted received premium (WRP)** - The sum of first year premium received during the year and 10% of single premiums including top-up premiums

# Our protection philosophy

Protection is a multi-decade opportunity that we plan to address prudently with continued innovation

## Supply side considerations

- ✓ Adverse mortality experience
- ✓ Recalibration by reinsurers
- ✓ Need for calibrated underwriting
- ✓ Sustaining robust claim settlement ratio
- ✓ Insurers moving beyond top 10 cities and salaried segment

## Demand side considerations

- ✓ Huge protection gap and under-penetration
- ✓ Customers valuing brand, onboarding experience and track record, apart from the price

## Our Focus Areas

Strengthening underwriting practices and use of deep learning underwriting models

Continue to address protection opportunity through group platform (Credit Life) apart from retail business

Product innovation catering to varying customer needs

Leveraging available market & industry platforms e.g., central medical repository for faster turnaround and greater underwriting precision

Pricing and underwriting to evolve in line with expanding geographical and demographic coverage

# Multi-pronged risk management approach for protection

1

## Reducing incidence of fraud & early claims

### **Analytics and Data Enrichment**

#### **Risk+**

AI-ML based risk models, rule engines, credit bureaus etc.

### **No 'one size fits all' underwriting**

Dynamic classification depending on profile, detailed medical & financial underwriting

### **Regular portfolio review**

To identify emerging trends, outliers and take corrective actions

2

## Limiting impact on profitability & solvency

### **Reinsurance**

Optimized reinsurance strategies for risk transfer

### **Catastrophe agreement**

To protect excess loss

### **Prudent reserving**

Well provisioned to prevent sudden shocks from current pandemic

3

## Balancing pricing & underwriting

# Growth opportunity: Under-penetration and favorable demographics

**Life Insurance penetration <sup>1</sup> (2019)**

**Life Insurance density US\$ <sup>2</sup> (2019)**

- India remains vastly under-insured, both in terms of penetration and density
- Huge opportunity to penetrate the underserved segments, with evolution of the life insurance distribution model

**Life expectancy (Years)**

**Population composition (bn)**

- India's insurable population estimated to be at ~1 bn by 2035
- Emergence of nuclear families and advancement in healthcare facilities lead to increase in life expectancy thus facilitating need for pension and protection based products

1. Penetration as measured by premiums as % of GDP,

2. Density defined as the ratio of premium underwritten in a given year to the total population

Source: Swiss Re (Based on respective financial year of the countries), MOSPI, United Nations World Populations Prospects Report (2017)

# Low levels of penetration – Life protection

- Only 1 out of 40 people (2.5%) who can afford it, is buying a policy every year 1
- Even within the current set, Sum Assured as a multiple of Income is <1x

## Protection gap <sup>2</sup> (2019)

- India has the highest protection gap in the region, as growth in savings and life insurance coverage has lagged behind economic and wage growth
- Protection gap growth rate is predicted to grow at 4% per annum

## Trend of retail loans <sup>3</sup> (Rs Tn.)

- Retail credit has grown at a CAGR of 18% over last 10 years
- Increasing retail indebtedness to spur need for credit life products
- Immense opportunity given:
  - Increasing adoption of credit
  - Enhancement of attachment rates
  - Improvement in value penetration
  - Widening lines of businesses

1. Goldman Sachs Report, March 2019

2. Swiss Re (Based on respective financial year of the countries)

3. Kotak institutional equities

# Macro opportunity – Retirement solutions

India's pension market is under-penetrated at 4.8% of GDP

Pension Assets / GDP Ratio

Improvements in life expectancy will lead to an average post retirement period of 20 years

Life expectancy at age 60

Elderly population is expected to almost triple by 2050

Ageing population

- Average household size has decreased from 4.6 in 2001 to 3.9 in 2018
- Total Pension AUM is expected to grow to Rs 118 Tn by 2030 (about 1/4<sup>th</sup> accounted by NPS)
- Mandatory schemes to increase coverage for both unorganized and organized sectors

# Government bond auctions

## Government Bonds – Tenorwise Issuance

Rs cr

- Auction of >15 year maturity bonds has been ~25-30% on an average facilitates writing annuity business at scale
- The central govt. borrowing calendar for H1 FY22 is Rs 7,24,000 cr , ~60% of the full-year target of Rs 12,05,000 cr

# Life Insurance: A preferred savings instrument

## Household savings composition

## Financial savings mix

- Increasing preference towards financial savings with increasing financial literacy within the population
- Various government initiatives to promote financial inclusion:
  - Implementation of JAM trinity
  - Launch of affordable PMJJBY and PMSBY social insurance schemes
  - Atal Pension Yojana promoting pension in unorganized sector

# Summary of Milliman report on our ALM approach – FY20

Scope of review	Portfolios reviewed
<ul style="list-style-type: none"> <li>Assess appropriateness of ALM strategy to manage interest rate risk in non-par savings business</li> <li>Review sensitivity of value of assets and liabilities to changes in assumptions</li> </ul>	<ul style="list-style-type: none"> <li>Portfolio 1: Savings and Protection – All non-single premium non-par savings contracts and group protection products</li> <li>Portfolio 2: All immediate and deferred annuities</li> </ul>

Description	Stress scenarios tested	Net asset liability position
Interest rate scenarios	Parallel shifts/ shape changes in yield curve within +/- 150 bps of March 31 <sup>st</sup> 2020 Gsec yield curve	Changes by < 4.5%
Interest rate + Demographic scenarios	Interest rate variation + changes in future persistency/ mortality experience	Changes by < 7%
100% persistency and low interest rates	100% persistency with interest rates falling to 4% p.a. for next 5 years, 2% p.a for years 6 -10 and 0% thereafter	Still remains positive

## Opinion and conclusion

**ALM strategy adopted for Portfolios 1 and 2 is appropriate to:**

- meet policyholder liability cash flows
- protect net asset-liability position thereby limiting impact on shareholder value

# Indian Embedded value: Methodology and Approach (1/2)

## Overview

**Indian Embedded Value (IEV)** consists of:

- **Adjusted Net Worth (ANW)**, consisting of:
  - Free surplus (FS);
  - Required capital (RC); and
- **Value of in-force covered business (VIF)**: Present value of the shareholders' interest in the earnings distributable from assets allocated to the covered business, after making sufficient allowance for the aggregate risks in the covered business.

## Components of Adjusted Net Worth (ANW)

- **Free surplus (FS)**: FS is the Market value of any assets allocated to, but not required to support, the in-force covered business as at the valuation date. The FS has been determined as the adjusted net worth of the Company (being the net shareholders' funds adjusted to revalue assets to Market value), less the RC as defined below.
- **Required capital (RC)**: RC is the amount of assets attributed to the covered business over and above that required to back liabilities for the covered business. The distribution of this to shareholders is restricted. RC is set equal to the internal target level of capital equal to 170% of the factor-based regulatory solvency requirements, less the funds for future appropriations ("FFA") in the participating funds.

# Indian Embedded value: Methodology and Approach (2/2)

## Components of Value in-force covered business (VIF)

- **Present value of future profits (PVFP):** PVFP is the present value of projected distributable profits to shareholders arising from the in-force covered business determined by projecting the shareholder cash flows from the in-force covered business and the assets backing the associated liabilities.
- **Time Value of Financial Options and Guarantees (TVFOG):** TVFOG reflects the value of the additional cost to shareholders that may arise from the embedded financial options and guarantees attaching to the covered business in the event of future adverse market movements. Intrinsic value of such options and guarantees is reflected in PVFP.
- **Frictional costs of required capital (FC):** FC represents the investment management expenses and taxation costs associated with holding the RC. VIF includes an allowance for FC of holding RC for the covered business. VIF also includes an allowance for FC in respect of the encumbered capital in the Company's holdings in its subsidiaries.
- **Cost of residual non-hedgeable risks (CRNHR):** CRNHR is an allowance for risks to shareholder value to the extent that these are not already allowed for in the TVFOG or the PVFP. In particular, the CRNHR makes allowance for:
  - asymmetries in the impact of the risks on shareholder value; and
  - risks that are not allowed for in the TVFOG or the PVFP.

CRNHR has been determined using a cost of capital approach. CRNHR is the present value of the cost of capital charge levied on the projected capital in respect of the material risks identified.

# Glossary (Part 1)

---

- **APE (Annualized Premium Equivalent)** - The sum of annualized first year regular premiums and 10% weighted single premiums and single premium top-ups
- **Backbook surplus** – Surplus accumulated from historical business written
- **Conservation ratio** - Ratio of current year renewal premiums to previous year's renewal premium and first year premium
- **Embedded Value Operating Profit (“EVOP”)** – Measure of the increase in the EV during any given period, excluding the impact on EV due to external factors like changes in economic variables and shareholder-related actions like capital injection or dividend pay-outs.
- **First year premiums** - Regular premiums received during the year for all modes of payments chosen by the customer which are still in the first year. For example, for a monthly mode policy sold in March 2021, the first instalment would fall into first year premiums for 2020-21 and the remaining 11 instalments in the first year would be first year premiums in 2021-22
- **New business received premium** - The sum of first year premium and single premium.
- **New business strain** – Strain on the business created due to revenues received in the first policy year not being able to cover for expenses incurred

## Glossary (Part 2)

---

- **Operating expense** - It includes all expenses that are incurred for the purposes of sourcing new business and expenses incurred for policy servicing (which are known as maintenance costs) including shareholders' expenses. It does not include commission.
- **Operating expense ratio** - Ratio of operating expense (including shareholders' expenses) to total premium
- **Proprietary channels** – Proprietary channels include agency and direct
- **Protection Share** - Share of protection includes annuity and health
- **Persistency** – The proportion of business retained from the business underwritten. The ratio is measured in terms of number of policies and premiums underwritten.
- **Renewal premiums** - Regular recurring premiums received after the first year
- **Solvency ratio** - Ratio of available solvency Margin to required solvency Margins
- **Total premiums** - Total received premiums during the year including first year, single and renewal premiums for individual and group business
- **Weighted received premium (WRP)** - The sum of first year premium and 10% weighted single premiums and single premium top-ups
