## Benefits

1. Sum Assured on maturity
  2. Accrued Guaranteed Additions
  3. Accrued Reversionary bonus, Interim bonus and Terminal bonus, if declared

6. Please speak to our Financial Consultant to know more details.

**B. DEATH BENEFIT:** On death of the life assured during the policy term, provided all due premiums are paid, we would pay the highest of the following:

- Sum Assured on Death + Accrued Guaranteed Additions + Accrued Reversionary Bonuses (if declared) + Interim Bonus (if declared) + Terminal Bonus (if declared)
  - 105% of Total Premiums<sup>7</sup> paid
- The Sum Assured on Death shall be the highest of:
- Sum Assured on Maturity<sup>8</sup>
  - An absolute amount assured to be paid on death, which in this case, is equal to the Sum Assured on Maturity
  - 10 times Annualised Premium for entry age up to 50 years and 7 times Annualized Premium for entry age greater than 50 years.

An additional benefit equal to 100% of 'Sum Assured on Death' will be payable in case of death due to an accident.

Accidental Death means death by or due to a bodily injury caused by an accident, independent of all other causes of death. Accidental Death must be caused within 180 days of any bodily injury. Accident is a sudden, unforeseen and involuntary event caused by external, visible and violent means.

On payment of the maturity or death benefit, the policy will terminate with no further benefits are payable.

For maturity/death benefit on reduced Paid-Up policy, please refer to the Section on Paid-Up & Revival below.

### Guaranteed Additions

The plan provides you with additional boosters in the form of Guaranteed Additions, provided the policy is in force. The Guaranteed Additions will accrue at the rate of 3% of 'Sum Assured on maturity' during the first 5 years of the policy. The Guaranteed Additions are payable at maturity or death, whichever is earlier. In case of surrender, the surrender value of Guaranteed Additions will be payable.

### Bonuses

A simple Reversionary Bonus as a percentage of the 'Sum Assured on Maturity' may be declared at the end of each financial year. Once added to the policy, the bonus is guaranteed to be payable either on death or on maturity, whichever is earlier provided all due premiums are paid. The Reversionary Bonus is a discretionary benefit and would be declared keeping in mind a long term view of expected future experience.

In case of death or surrender during the inter-valuation period the policy will be eligible to receive the Interim Bonus based on the bonus rates declared by the company.

A Terminal Bonus may be added to your policy at maturity/death which enables the company to pay a fair share of the surplus at the end, based on the actual experience over the policy term and allowing for the reversionary bonuses already attached. As the Terminal bonus depends on the actual future experience it is not a guaranteed benefit.

It is always advisable to pay premiums for the full premium paying term in order to receive bonuses (if declared) and to enjoy maximum benefits.

The benefits illustrated assume that all premiums (excludes tax & other levies) that are due over the full term will be paid and no withdrawals will be made during the policy term. In case premiums are not paid for full term at original level or if any withdrawals are made during the policy term, the illustrated benefits will be lower. - The loan will only be given on an in-force policy;
- The loan amount will be subject to maximum 80% of the surrender value;
- The interest rate on loan is 10.5% p.a.;
- Before any benefits are paid out, loan outstanding together with the interest thereon will be deducted and the balance amount will be payable
- Where the loan outstanding including interest exceeds 90% of the surrender value for a reduced paid-up policy, then the policy will be foreclosed and the policyholder will be paid the surrender value less loan outstanding including interest.
- An in-force or fully paid-up policy shall not be foreclosed for non re-payment of loan

## Grace Period

Grace Period is the time provided after the premium due date during which you can pay your due premium while the policy continues to be in force with the risk cover. This plan has a grace period of 30 days for yearly, half-yearly and quarterly frequencies from the premium due date. The grace period for monthly frequency of premium payment is 15 days from the premium due date. The policy is considered to be in-force with the risk cover during the grace period without any interruption.

Should a valid claim arise under the policy during the grace period, but before the payment of due premium, we shall still honor the claim. In such cases, the due but unpaid premium will be deducted from any benefit payable.

## Lapsation

In the event of nonpayment of premium due under the policy within the grace period, the policy will lapse if the policy has not acquired a guaranteed surrender value (refer the section on surrender). The risk cover will cease and no benefits will be payable in case of lapsed policies.

You can revive your lapsed policy within 5 years from the date of first unpaid premium. Kindly see the section below on Revival.

## Paid-up

If you stop paying premiums after the policy has acquired a guaranteed surrender value i.e. if due premiums are paid for at least 2 years (please refer the section on Surrender), your policy will be made paid-up at the end of the grace period. Once a policy becomes paid-up:

- The Sum Assured on Death/Maturity shall be reduced by multiplying the Sum Assured on Death/Maturity by the ratio of the Total premiums paid to the premiums payable under the policy. This reduced Sum Assured on Death/Maturity is called Paid-up Sum Assured on Death/Maturity.
- Simple Reversionary Bonus (if declared) and Guaranteed Additions accrued to the policy at the date the policy is made paid-up will continue to remain attached, but the paid-up policy will cease to qualify for the addition of any future bonuses (if declared) and Guaranteed Additions.
- The benefits shall be based on Paid-up Sum Assured on Death/Maturity subject to eligibility for full death benefit as per Auto Cover Continuance.
- For Accidental Death Benefit the additional amount payable will be 100% paid-up Sum Assured on Death.

The Death / Maturity Benefit under a paid-up policy shall be based on Paid-up Sum Assured on Death/ Maturity, guaranteed additions and bonuses (if declared) accrued till the date of becoming paid-up.

### Auto Cover Continuance

Under this feature, for a reduced paid-up policy the full death benefit shall continue for a period of one year (Auto Cover Continuance period) from the date of first unpaid premium. Auto Cover Continuance applies only to the basic death benefit and not to the additional accidental death benefit. At the time of payment of death benefit during the Auto Cover Continuance period the due but unpaid premium shall not be deducted from the benefit payable. The basic death benefit payable during this one year shall be the higher of:

- Sum Assured on Death + Accrued Guaranteed Additions + Accrued Reversionary Bonus (if declared) + Interim Bonus (if declared) + Terminal Bonus (if declared)
- 105% of Total Premiums paid

The additional accidental death benefit shall be reduced to paid-up Sum Assured on Death.

The Guaranteed Additions and Reversionary Bonuses (if declared) accrued till due date of first unpaid premium shall become payable on death and no further Guaranteed Additions or Reversionary Bonus (if declared) shall accrue to the policy.

You can revive your paid-up policy. Please see the section below on Revival.

### Revival

You can revive your lapsed/paid-up policy within the revival period of 5 years from the date of first unpaid premium subject to the terms and conditions we may specify from time to time. For revival,

you will need to pay all the outstanding premiums and interest on the outstanding premiums and applicable taxes. The current rate of interest for revival is 9.5% p.a. Interest rate will be as prevailing from time to time. Please contact our Customer Service department to know the applicable interest rate. A charge of ₹250 shall be levied for processing the revival.

Once the policy is revived, you are entitled to receive all contractual benefits.

### Surrender

It is advisable to continue your policy in order to enjoy full benefits of your policy. However, we understand that in certain circumstances you may want to surrender your policy.

The policy will acquire a Guaranteed Surrender Value (GSV) provided at least 2 full years' premium has been paid

The GSV shall be the aggregate of:

- percentage of total premiums paid
- percentage of accrued bonuses (if declared) & accrued guaranteed additions

For details on GSV percentage (factors), please refer terms & conditions section below.

Please note that the surrender value shall be higher of the GSV and the Special Surrender Value (SSV).
