To enjoy the policy benefits, it is important that you pay all due premiums by the due date. This section details the benefits and limitations in case premiums are not paid during the term of the policy.

### **Grace period:**

Grace period is not applicable for Single Premium. For Regular/ Limited Premium payment term you get a grace period of 15 days for monthly frequency of premium payment and 30 days for other frequencies to pay the premium without any penalty. If premium is not received before the end of grace period, the policy will lapse or become paid-up. The policy is considered to be in-force with the risk cover during the grace period without any interruption.

Should a valid claim arise under the policy during the grace period, but before the payment of due premium, we shall honor the claim. In such cases, the due and unpaid premium for the policy year will be deducted from any benefit payable.

### **Lapse, Paid-up and Surrender:**

The policy shall acquire a Guaranteed Surrender Value (cash value) immediately on the payment of Single Premium and on payment of at least first two year's premium in case of a Regular/ Limited Pay policy.

For a Regular/ Limited Pay policy - If a due premium is unpaid upon the expiry of the grace period, the policy shall:

- lapse if it has not acquired a Guaranteed Surrender Value
- become reduced paid-up if it has acquired a Guaranteed Surrender Value

In case of a lapsed policy, all the benefits shall cease and nothing is payable on death, maturity or surrender

Once the policy becomes paid-up, the maturity and death benefit payouts shall reduce as defined below:

### **Paid-up Maturity/Death benefit:**

Once the policy becomes reduced paid-up, the following benefits shall be payable:.

- On Maturity, "Paid-up Sum Assured on Maturity" as defined below will be payable as Maturity Benefit.

$\text{Paid-up Sum Assured on Maturity} = \text{Sum Assured on Maturity} * t / n$

- In case of a death, "Paid-up Sum Assured on Death" as defined below will be payable as Death Benefit.

$\text{Paid-up Sum Assured on Death} = \text{Max} (\text{Sum Assured on Death}, 10 * \text{Annual Premium}) * t / n$

In no case will the Death benefit payable for a paid-up policy be less than higher of:

- 105% of total Premiums paid till the date of death
- Surrender value as on date of death

Where  $t$  = Number of premiums paid and  $n$  = Number of premiums payable under the policy

A reduced Paid-up policy may be surrendered at any time.

### **Surrender**

The policy shall acquire a Guaranteed Surrender Value (GSV) immediately on the payment of Single Premium and on payment of first two year's premium in case of a Regular/ Limited Pay policy.

The Guaranteed Surrender Value shall be equal to GSV factor applicable at the time of surrender multiplied with the Total Premiums Paid to date. For details on GSV percentage, please refer to the Terms & Conditions below.

The surrender value payable shall be higher of the GSV and the Special Surrender Value (SSV). Upon payment of the Surrender Benefit, the policy will terminate and no further benefits shall be payable.

## Revival:

You can revive your lapsed/paid-up policy within the revival period (specified below) subject to the terms and conditions we may specify from time to time. For revival, you will need to pay all the outstanding premiums and interest on the outstanding premiums and taxes and levies as applicable. The current rate of interest for revival is 9.50% p.a.
