Upon payment of surrender benefit the coverage for that Scheme Member terminates and no further benefits are payable.
In case of surrender of policy/scheme member leaving the group, the scheme member of the group will be given an option to continue the policy as an individual policy till the expiry of individual coverage term.

**Regular Pay**
No surrender value is payable

**Paid-Up Benefit**

**Limited Pay**
If premiums are discontinued at any time before the premium payment term, the policy shall acquire a paid-up status on expiry of the grace period for the last unpaid premium and the cover shall continue for the paid-up Sum Assured as defined below:

\[ \text{Paid-up Sum Assured} = \text{Current Sum Assured} \times \frac{T}{N} \]

where \( T \) & \( N \) are as defined above

**Regular Pay**
No benefits are payable.

**Single Pay**
Not Applicable

**Lapse**
No benefits are payable on lapse for Regular Pay.
For Limited Pay, this will be based on the surrender value.

**Grace Period**
There will be a grace period of 30 days for non-monthly premium paying mode and 15 days for monthly mode under Regular and Limited pay policies.

The Policy is considered to be in-force with the risk cover during the grace period without any interruption.

If a premium is not paid within the grace period then all benefits will lapse.

The Company shall be responsible to honour any valid claims brought under this policy in instances wherein the Master Policyholder has collected/ deducted the Premium but has failed to pay the same to the Company within the Grace Period due to administrative reasons.

**Revival**
In case of Regular pay and Limited pay policies, if the payment is not received even after the completion of the grace period, the policy lapses. The company shall consider requests from policyholders to revive lapsed policies, provided such requests are received within the revival period of 5 years.

Any agreement to revive would be subject to the BAUP and payment of unpaid premiums with interest. The current rate of interest is 9.5% p.a.

**Settlement Option**
Under this option, the nominee / scheme member can choose to receive the plan benefit in instalments over the chosen period of 5 to 15 years instead of a lump sum amount. This option can be opted for full or part of claim proceeds payable under the policy.

The instalment shall be paid in advance based on the frequency chosen by the nominee / scheme member, which can be
either yearly, half-yearly, quarterly or monthly. The instalment amount shall be calculated such that the present value of the instalments, using a given interest rate, shall equal the lump-sum payable under the policy.

This amount shall be a level amount and once chosen by the nominee/ scheme member shall remain fixed over the instalment period.

The interest rate used to compute the instalment amount shall be equal to the annualized yield on 10 year G-Sec (over last 6 months & rounded down to nearest 25bps) less 25 basis points. The interest rate shall be reviewed half-yearly and any change in the interest rate shall be effective from 25th February and 25th August each year. The interest rate shall be revised every time there is a change as per the above formula. In case of a revision in interest rate, the same shall apply until next revision. The source of 10-year benchmark G-sec yield shall be RBI Negotiated Dealing System-Order Matching segment (NDS-OM). The current rate of interest is 6.25%

At any time during the instalment phase, the nominee/ scheme member can choose to terminate the instalment payment in exchange for a lump-sum, in which case, the lump-sum payable shall be equal to the discounted value of all the future instalments due. The interest rate used to calculate the discounted value will be that as applicable on date of termination, using the above mentioned formula. The current rate of interest is 6.25%.

### Additional Sum Assured option

The scheme member can opt to increase his/ her cover during the original coverage term subject to following conditions:

1) The option cannot be taken in the event of any claim under the policy

2) An additional premium will be charged for the increase in the Sum Assured.

3) The maximum Sum Assured will be as per BAUP.

4) The premium rate applicable for the additional Sum Assured shall be based on the age attained and outstanding policy term at the time of the exercising of the option and will be eligible for a 0.5% discount for Single Pay and for Regular/ Limited Pay, 2.5% discount for policy terms less than or equal to 20 years and 1.5% discount for policy terms greater than 20 years. This shall be subject to the minimum premium payment term and policy term available under the product at the time of exercising this option.
