What are the plan options/Benefits available?

Click 2 Protect Optima Restore has both protection and health benefits.

Protection:
You can choose from following 3 plan options -

1. **Life & CI Rebalance** – A smart cover which aims to achieve a balance between Death and Critical Illness benefit as you go along in your life. Critical Illness cover increases at each policy anniversary with corresponding reduction in Life Cover. In addition, all future premiums are waived off on detection of any of the covered Critical Illnesses and the life cover continues.

2. **Life Protect** - Under this plan option, a lump sum is provided on death of the life assured.

3. **Income Plus** - Under this plan option, the Life Assured is covered for the entire policy term and also receives a lump sum payout on maturity along with regular income starting from age 60.

You may choose one of the above plan options at inception of the policy. Plan option once selected cannot be changed during the Policy Term. Benefits under each option are detailed below.
Benefits payable under various plan options:

1. **Life & CI Rebalance**

   Under this plan option, Basic Sum Assured chosen by you will be split between Life Cover SA and Critical Illness SA (CI SA).

   At the beginning of the cover, Life Cover SA is set at 80% of Basic Sum Assured and CI SA is set at 20% of Basic Sum Assured. For an in-force policy, at every policy anniversary, starting from the first policy anniversary, CI SA will increase every year and Life Cover SA will decrease by the same amount. This amount will be calculated as follows:

   \[
   \text{Basic Sum Assured (Life Cover SA + CI SA)} = \frac{30\% \times \text{Basic Sum Assured}}{\text{Policy Term}}
   \]

   Basic Sum Assured (Life Cover SA + CI SA) will remain the same throughout the policy term.

   Example: for Basic Sum Assured of 50 lakhs and policy term of 10 years, benefit structure will vary over the term as follows:

Renewal Incentives:

- Multiplier Benefit:
  i. If no claim has been made in respect of inpatient benefits under this policy and the policy is renewed with us without any break, we will apply a bonus to the next policy year by automatically increasing the Sum Insured for the next Policy Year by 50% of the Basic Sum Insured for this Policy Year. The maximum bonus will not exceed 100% of the Basic Sum Insured in any Policy Year.
  
ii. In Family Floater policy, 
  a) The multiplier benefit shall be available on floater basis and accrue only if no claims have been made in respect of any Insured Person during the expiring Policy Year.
  b) Accrued Multiplier benefit is available to all insured persons under the policy

iii. If a Multiplier benefit has been applied and a claim is made in any Policy Year, then in the subsequent Policy Year We will automatically decrease the accrued multiplier benefit at the same rate at which it is accrued. However this reduction will not reduce the Sum Insured below the basic Sum Insured of the policy, and only the accrued multiplier bonus will be decreased.

iv. If the Insured Persons in the expiring policy are covered on individual basis and thus have accumulated the multiplier bonus for each member in the expiring policy, and such expiring policy is renewed with Us on a Family Floater basis, then the multiplier bonus to be carried forward for credit in the Policy would be the least multiplier bonus amongst all the Insured Persons.

v. Portability/Migration benefit will be offered to the extent of sum of previous sum insured and accrued multiplier bonus, portability/migration benefit shall not apply to any other additional increased Sum Insured.
