C. Choose your Plan Option

This plan offers 3 Plan options that you can choose from depending on your Protection and Investment needs:

- 1) Invest Plus Option:** An option that provides life cover and takes care of your Investment needs by providing accumulated Fund Value at Maturity.
- 2) Premium Waiver Option:** An option that takes care of all your financial responsibilities in your absence. In case of your (Proposer's) unfortunate death, all future premiums shall be waived to make sure that your fund does not stop growing. Thus, we make sure that we continue to build the corpus on your behalf for the dreams you have for your loved ones. The Policy continues with risk cover for Life Assured and the accumulated Fund Value is paid on Maturity. On death of the Policy holder, the Life Assured will become the Policyholder. In case the Life assured is a minor, then on attaining age 18 years, the Life assured automatically becomes the Policyholder and the erstwhile Policyholder/Proposer continues to be the premium Payor under the Policy.
- 3) Golden Years Benefit Option:** The right blend of Retirement planning for you is to not only build a corpus for your golden years, but also make sure you leave a legacy behind for your loved ones. This plan option offers you the solution to build your fund value while also having life cover for whole of life (till 99 years of age). You can opt for systematic withdrawal facility to generate recurring post retirement income from your accumulated fund.

Option once chosen cannot be altered throughout the policy term. Charges will vary as per the Plan option chosen.

Choose how you want to manage your Investment Portfolio

You have a choice of 16 different funds that helps you manage your money as per your risk appetite. You can also opt for Systematic Transfer Plan (STP) which gives you the benefits of rupee cost averaging. For more details, please refer to the Investment Strategy section.

You can also take your fund value at maturity in periodical instalments under settlement option. Please refer Terms and Conditions section for more details.

On a valid death claim of the Proposer for a premium paying policy, **all future premiums are waived**. On each future premium due date(s), an amount equal to the modal premium, shall be credited to your Fund Value.

The Policy shall continue until maturity with risk benefits continued on the life of the Life Assured. Upon maturity, the maturity benefit shall become payable.

This benefit will not be applicable in case of a surrendered, discontinued or Paid-up policy and will be added provided all due premiums have been paid.

ROMC will not be available for the policies where the Waiver of premium benefit is triggered due to death of the Proposer.

2. Special Addition

For Regular and Limited Pay Policies, 1% of your Annualised premium shall be added to the Fund Value at the time of allocation of premium for first 5 policy years.
