# These assumed rates of returns are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of the policy is dependent on a number of factors including future investment performance.

**A.** This snapshot of illustration is only for HDFC Life ProGrowth Plus - for a healthy male life. **B.** The values shown are for illustration purpose only. **C.** The benefits illustrated assume that all premiums that are due over the full term will be paid and no withdrawals will be made during the policy term. Incase premiums are not paid for full term at original level or if any withdrawals are made during the policy term, the illustrated benefits will be lower. The illustrated values may not be constant over the policy year. **D.** Some benefits are guaranteed and some benefits are variable with returns based on the future performance of your insurer carrying on life insurance business. If your policy offers guaranteed benefits then these will be clearly marked “guaranteed” in the illustration table on this page. If your policy offers variable benefits then the illustrations on this page will show two different rates of assumed future investment returns. These assumed rates of returns are not guaranteed and they are not the upper or lower limits of what you might get back, as the value of the policy is dependent on a number of factors including future investment performance. For detailed illustration, please speak to your Financial Consultant.

**BENEFITS**

**A) On Maturity**

Your policy matures at the end of the policy term you have chosen and all your risk covers cease. You may redeem your balance units at the then prevailing unit price and take the fund value.

**Settlement Option:**

You have the option to take the Unit Fund Value in periodical instalments over a period which may extend to a maximum of 5 years.

The first instalment under settlement option shall be payable on the date of maturity.

In case of settlement period after maturity, the risk cover shall be maintained at 105% of the total premiums paid. Accordingly, mortality charges will be deducted. The investment risk continues to be borne by the Policyholder.

The charges levied on the fund during settlement period are the fund management charge, switching charge and mortality charges if any. The company will not levy any other charges. Switches will be allowed during the settlement period. Partial withdrawals shall not be allowed during the settlement period.

Complete withdrawal will be allowed at any time during the settlement period without levying any charge. Any Unit Fund Value remaining after 5 years from the maturity date will be payable immediately.

**B) On Death**

In case of the Life Assured's unfortunate demise, we will pay the highest of the following to the nominee:

- **Sum Assured** (less all withdrawals made during the two year period immediately preceding the death of Life Assured)
- Unit Fund Value.
- Minimum death benefit of 105% of the total premiums paid.

The policy will terminate thereafter and no more benefit will be payable. We will also pay the Accidental Death Benefit (if applicable) which is the Sum Assured in addition to the Death Benefit described above. Your policy will terminate thereafter and no more benefits will be payable.

**C) By Partial Withdrawal**

We understand that you may need money to meet any future financial emergencies. You can withdraw money from your funds to meet such needs. You can make lump sum partial withdrawals from your funds after 5 years of your policy provided:

- The Life Assured is at least 18 years of age.
- The minimum withdrawal amount is Rs. 10,000.
- After the withdrawal and applicable charges, the fund value is not less than 150% of your annualised premium.
- The maximum amount that can be withdrawn throughout the policy term is 300% of the original regular annualised premium.
- The partial withdrawals shall not be allowed which would result in termination of a contract.

**D) On Discontinuance**

This plan has a grace period of 30 days for annual and half-yearly modes and 15 days for monthly mode. You are expected to pay your premiums
through-out the policy term. During the grace period, the policy is considered to be in-force with the risk cover without any interruption.

In respect of revival period ending after lock-in period, the policy will remain in discontinuance fund till the end of revival period. The Fund management charges of discontinued fund will be applicable during this period and no other charges will be applied.

The policy shall continue to be in reduced paid-up status without rider cover, if any. All charges as per terms and conditions of the policy shall be deducted during the revival period. However, the mortality charges shall be deducted based on the reduced paid up sum assured only.

TERMS & CONDITIONS

We recommend that you read this brochure & benefit illustration and understand what the plan is, how it works and the risks involved before you purchase. We have appointed Certified Financial Consultants, duly licensed by IRDAI, who will explain our plans to you and advise you on the correct insurance solution that will meet your needs.

A) Risk Factors:
- Unit linked insurance products are different from traditional insurance products and are subject to the risk factors.
- The premiums paid in Unit Linked Insurance policies are subject to investment risks associated with capital markets and the NAVs of the units may go up or down based on the performance of funds and factors influencing the capital market and the insured is responsible for his/her decisions.
- HDFC Life Insurance Company Limited is only the name of the Life Insurance Company and HDFC Life ProGrowth Plus is only the name of the Unit Linked Insurance contract and does not in any way indicate the quality of these plans, their future prospects and returns.
- Please know the associated risks and the applicable charges, from your Insurance agent or the Intermediary or policy document issued by insurance company.
- The various funds offered under this contract are names of the funds and do not in any way indicate the quality of these plans, their future prospects and returns.

B) Unit Prices:

We will set the unit price of a fund as per the IRDAI’s guidelines. The unit price of Unit Linked Funds shall be computed as: Market Value of Investments held for the fund plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provision, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any units are allocated/redeemed), gives the unit price of the fund under consideration. We round the resulting price to the nearest ₹ 0.0001. This price will be published on our website and in leading national newspapers. Units shall only be allocated on the day the proposal is accepted and results into a policy by adjustment of application money towards premium. The premium will be adjusted on the due date even if it has been received in advance and the status of the premium received in advance shall be communicated to the policyholder.

C) Exclusion:
- In case of death due to suicide within 12 months from the date of commencement of the policy or from the date of revival of the policy, as applicable, the nominee or the beneficiary of the policyholder shall be entitled to the fund value, as available on the date of intimation of death. Further any charges other than Fund Management Charges (FMC) and guarantee charges recovered subsequent to the date of death shall be added back to the fund value as available on the date of intimation of death.
- We will not pay Accidental Death Benefit if the death occurs after 90 days from the date of the accident. We will not pay accidental death benefit if the death is caused directly or indirectly from taking part or practicing for any hazardous hobby or pursuit or race unless previously agreed to by us in writing.
- We will not pay Accidental Death Benefit, if accidental death is caused directly or indirectly by any of the following:
  - Intentionally self – inflicted injury or suicide irrespective of mental conditions
