- (iii) At such intervals as We may decide, but usually each day on which all the financial markets are open, We will value each investment linked Fund so that we can set the prices of units as specified in Clause 8 (Unit Prices).
- (ii) We will always make best endeavour to value the assets on each day when all the financial markets are open. In certain extreme circumstances this may not be possible, as the value of assets may be too uncertain. In such circumstances we may defer the valuation of assets until normality returns. We will not declare Unit Prices on such days. Examples of such circumstances are:
 - When one or more stock exchanges which provide a basis for valuation for a substantial portion of the assets of the Fund are closed other than for ordinary holidays.
 - When, as a result of political, economic, monetary or any circumstances out of our control, the disposal or valuation of the assets of the unit Fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the remaining Unit holders.

- During periods of extreme volatility of markets during which surrenders and switches would, in our opinion, be detrimental to the interests of the existing Unit holders of the Fund.
- In the case of natural calamities, strikes, war, civil unrest, riots and 'bandhs'.
- In the event of any force majeure or disaster that affects our normal functioning.
- If so directed by the IRDA or any applicable regulator.

8. Unit Prices

- (i) We will calculate the Unit Price of a Fund as per IRDA Guidelines. The resulting price will be rounded to the nearest Re. 0.0001. The Unit Price will be published on our Company's website.
- (ii) If we receive your Premium and all necessary documentation to allow the Premium to be processed, and we are satisfied that the information received is correct, before the Cut-off time for the next Valuation then we will use the Unit prices set at the next Valuation to allocate your Premium.
- (iii) For the purpose of Clause 11 (Charges), the Unit prices used to cancel units will be those set on the Valuation on the effective date the Charges are deducted from the Policy, or if no such Valuation is made, on the most recent Valuation prior to the effective date.
- (iv) For the purpose of paying the Vesting/ Maturity Benefit under your Policy described in Clause 3(i) (a) (Vesting/Maturity Benefit) we will use the Unit prices set at the next Valuation from the Vesting/ Maturity Date to cancel units from your Policy. We will make the Vesting/Maturity Benefit payment only after we receive all necessary documentation to allow the Benefit payment to be processed.
- (v) For the purpose of paying a Benefit under your Policy described in Clause 3(i)(b) (Death Benefit) if we receive instructions to pay a Benefit under your Policy and we receive those instructions and all necessary documentation to allow the Benefit payment to be processed, before the Cut-off time for the next Valuation then we will use the Unit prices set at the next Valuation to cancel units from your Policy.
- (vi) For the purpose of Surrendering your Policy described in Clause 5, if You instruct us to Surrender your Policy and we receive those instructions and all necessary documentation to allow the Surrender to be processed, before the Cut-off time for the next Valuation then we will use the Unit prices set at the next Valuation to cancel Units from your Policy.
- (vii) .
- (viii) Where instructions are received after the Cut-off time, it will be deemed that the instructions were received the next working day.
- (ix) Where You instruct us to process more than one Fund related transaction and we receive those instructions and all necessary documentation for each of the transactions on the same day, subject to the Cut-off rules, we will only act upon the instruction that is received first on that day. The second instruction will be acted upon on the next valuation day after the completion of the first transaction and so on till all received instructions have been acted upon.
