APPENDIX TO THE POLICY SCHEDULE
Unit Linked Guidelines
Effective Date: 01/09/2005

Unit Linked Guidelines

On 21 December 2005, the Insurance Regulatory and Development Authority issued Guidelines for Unit Linked Life Insurance Products via Circular 032/IRDA/Actl/Dec-2005. Our Unit Linked Products conform to these Guidelines. Where the Standard Policy Provisions refer to the Unit Linked Guidelines, we have extracted the relevant sections, with the numbering as in the guidelines.

Minimum Sum Assured

Our Unit Linked Endowment Plan only allows Sums Assured, Annual Premiums and Policy Terms that conform to the Unit Linked Guidelines. The relevant sections from the Guidelines are extracted below.

1. Benefit payable on death:

1.1. *The table 1.2 below specifies the minimum sum assured in respect of death benefit under unit linked life insurance contracts where:*

- 1.1.1** *T is the Policy Term (PT) chosen by the policyholder (T shall be taken as 70 minus the age at entry in case of Whole Life Products).*
- 1.1.2** *AP is the Annualized Premium selected by the policyholder at the inception of the policy.*
- 1.1.3** *SP is the Single Premium chosen by the policyholder at the inception of the policy*

1.2 The minimum sum assured shall be at least equal to:

Table: 1.2

<u>Type of products</u>	<u>Minimum Sum Assured</u>
<i>Single Premium Products</i>	<i>125% of the SP</i>
<i>Non-Single Premium Products</i>	<i>0.5 x T x AP or 5 x AP, whichever is higher</i>

1.2.1 *In respect of products under pension and annuity business **Table 1.2** is not mandatory*

Single Premium Top-Ups

The Unit Linked Guidelines place a restriction on the amount of Single Premium Top-Up which can be paid without increasing the Sum Assured. Since our Unit Linked Endowment Plan does not allow the Sum Assured to be increased during the term of the Plan, this places a restriction on the amount of Top-Up which can be accepted. The relevant section from the Guidelines is extracted below.

7.3 *At any point of time during the term of the contract, so long as the total amount of top-up premiums remain within the 25% of the total amount of the basic regular premiums paid up to that date, the top-up premium will not be required to have any insurance cover (as required in Table 1.2 above) and the balance amount of such top-up premium shall have an insurance cover as specified in Table 1.2 (for single premium contracts) above and shall remain constant during the period of the contract. The provisions in this para shall not apply in respect of pensions and annuity business.*

Unit pricing and Cut-off time for applicability of Net Asset Value (NAV)

Our current unit pricing and Cut-off time conform to the following extract from the Insurance Regulatory and Development Authority's 'Guidelines for Unit-Linked Life Insurance Products'. These times are subject to change by us at any time with prior approval from the Insurance Regulatory and Development Authority.

10.2 The unit pricing shall be computed based on whether the company is purchasing (appropriation price) or selling (expropriation price) the assets in order to meet the day to day transactions of unit allocations and unit redemptions i.e. the life insurer shall be required to sell/purchase the assets if unit redemptions/allocations exceed unit allocations/redemptions at the valuation date.

*10.3 The **Appropriation price** shall apply in a situation when the company is required to purchase the assets to allocate the units at the valuation date as stated in 10.2. This shall be the amount of money that the company should put into the fund in respect of each unit it allocates in order to preserve the interests of the existing policyholders.*

*10.4 The **Expropriation price** shall apply in a situation when the company is required to sell assets to redeem the units at the valuation date as stated in 10.2. This shall be the amount of money that the company should take out of the fund in respect of each unit it cancels in order to preserve the interests of the continuing policyholders.*

10.5. Computation of NAV:

*10.5.1 when **Appropriation price is applied:** The NAV of a Unit Linked Life Insurance Product shall be computed as: Market value of investment held by the fund plus the expenses incurred in the purchase of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any new units are allocated), gives the unit price of the fund under consideration.*

*10.5.2 When **Expropriation price is applied:** The NAV of a Unit Linked Life Insurance Product shall be computed as: Market Value of investment held by the fund less the expenses incurred in the sale of the assets plus the value of any current assets plus any accrued income net of fund management charges less the value of any current liabilities less provisions, if any. This gives the net asset value of the fund. Dividing by the number of units existing at the valuation date (before any units are redeemed), gives the unit price of the fund under consideration.*

10.6 Uniform Cut-off timings for applicability of Net Asset Value:

The allotment of units to the policyholder should be done only after the receipt of premium proceeds as stated below:

10.6.1: Allocations (premium allocations, switch in):

10.6.1.1 In respect of premiums/funds switched received up to 4.15 p.m. by the insurer along with a local cheque or a demand draft payable at par at the place where the premium is received, the closing NAV of the day on which premium is received shall be applicable.

10.6.1.2 In respect of premiums/funds switched received after 4.15 p.m. by the insurer along with a local cheque or a demand draft payable at par at the place where the premium is received, the closing NAV of the next business day shall be applicable.

10.6.1.3 In respect of premiums received with outstation cheques/demand drafts at the place where the premium is received, the closing NAV of the day on which cheques/demand draft is realized shall be applicable.

10.6.2: Redemptions:

10.6.2.1 *In respect of valid applications received (e.g. surrender, maturity claim, switch out etc) up to 4.15 p.m. by the insurer, the same day's closing NAV shall be applicable.*

10.6.2.2 *In respect of valid applications received (e.g. surrender, maturity claim, switch etc) after 4.15 p.m. by the insurer, the closing NAV of the next business day shall be applicable.*

Except the right to change the beneficiary or to revoke this appointment, you can exercise all other rights as the owner of this Policy. However, in the event of the Beneficiary predeceasing you during the term of the Policy, the benefits of the Policy and the right to receive the proceeds thereunder shall revert to you as if the Beneficiary was not appointed and you have the option to:

- Change the Beneficiary to another Child, or
- Require that the benefits revert to yourself, or
- Surrender the Policy and take a surrender value provided the policy has completed 3 years.

In all circumstances, you are required to notify us immediately of the same.

- (ii) If any Premium remains unpaid 15 days after the Due Date, your policy will become Lapsed or Paid-Up as described in Provision 5.
- (iii) At inception of the contract an Initial Single Premium Top-Up can be made.
- (iv) Single Premium Top-Ups over and above Regular Premiums can be paid at any time provided all Regular Premiums have been paid to date. The relevant sections from the Unit Linked Guidelines are reproduced in the appendix to the Policy Schedule. The current minimum amount of Single Premium Top-Up is specified in the Policy Schedule and will be determined by us at our sole discretion from time to time with prior approval from the Insurance Regulatory and Development Authority.

- (vii) A proportion of each Premium - the Allocation Rate, will be used to buy units in the Fund(s) of your choice. The current Allocation Rates for all Premiums are specified in the Schedule of Charges and are fixed for the term of the contract.
- (viii) If you have chosen more than one Fund, we will split the allocation in accordance with your instructions before we allocate units in each fund.

5. Surrendered, Cancelled, Lapsed and Paid-Up Policies

- (i) A Policy may be surrendered at any time after the completion of three years. The amount payable on surrender would be the Unitised Fund Value arrived at after deduction of the Surrender Charge as specified in the Schedule of Charges. Upon payment of this benefit, the Policy terminates and no further benefits are payable. A surrendered Policy will not be re-instated under any circumstances. The Surrender Charge will be determined by us at our sole discretion from time to time with prior approval from the Insurance Regulatory and Development Authority, subject to the maximum as stated in the Schedule of Charges.
- (ii) **Premium unpaid in the first 3 years of the policy**
 - a. If any Premium remains unpaid as described in Provision 4 during the first 3 years of the policy, the policy will lapse, all benefits other than those described under provision 5(ii)c will be cancelled and policy servicing will cease.
 - b. A lapsed policy can be revived anytime during the period of 2 years from the date of lapse of the policy or till the end of 3 years from inception, whichever is later. Revival will be subject to any terms and conditions which we may specify from time to time. These terms will include payment of all outstanding premiums, the Revival Charge and de-allocation of units towards our charges. The Revival Charge will be determined by us at our sole discretion from time to time with prior approval from the Insurance Regulatory and Development Authority, subject to the maximum as stated in the Schedule of Charges. On revival, the Unitised Fund Value at the date of Lapse and the outstanding premiums will be used to allocate units to the policy in accordance with Provision 9(xiii).
 - c. If the lapsed policy is not revived, the Unitised Fund Value at the date of lapse less Surrender Charge as specified in the Schedule of Charges would be paid to the policy holder at the end of 2 years from the date of lapse or at the end of 3 years from inception whichever is later. Upon payment of this benefit, the Policy terminates and no further benefits are payable. The Surrender Charge will be determined by us at our sole discretion from time to time with prior approval from the Insurance Regulatory and Development Authority, subject to the maximum as stated in the Schedule of Charges.

(iii) Premium unpaid after the first 3 years of the policy

- a. If any Premium remains unpaid as described in Provision 4 after the first 3 years of the policy, the policy will be made Paid-Up: the unitised funds will continue to be invested; risk cover will continue; all charges including the mortality charges will continue to be deducted; and the policyholder will be entitled to all policy servicing. Premiums can be paid into a Paid-Up policy only during the period of 5 years from the due date of the earliest outstanding premium. Any premiums paid into a Paid-Up policy are used to clear the outstanding premiums in the order of their due dates, the earliest being the first to be cleared. The premiums paid will be used to allocate units to the Policy in accordance with Provision 9 (ii).
- b. A Paid-Up policy can be revived anytime during the period of 5 years from the due date of the earliest outstanding premium, subject to any terms and conditions which we may specify from time to time. These terms will include payment of all outstanding regular premiums and Revival Charge. On revival, the outstanding premiums will be used to allocate units to the policy in accordance with the provision 9(xiii).
- c. If the Paid-Up policy is not revived within the period of 5 years from the due date of the earliest outstanding premium, there is an option to continue the policy in a Paid-Up state for the remaining term of the policy. The unitised funds will continue to be invested; risk cover will continue; all charges including the mortality charges will continue to be deducted; and the policyholder will be entitled to all policy servicing. However no further premiums would be accepted into the policy.

If the above option is not exercised, the policy will be cancelled. The amount payable on cancellation would be the Unitised Fund Value arrived at after deduction of the Surrender Charge as specified in the Schedule of Charges. Upon payment of this benefit, the Policy terminates and no further benefits are payable. A cancelled Policy will not be re-instated under any circumstances. The Surrender Charge will be determined by us at our sole discretion from time to time with prior approval from the Insurance Regulatory and Development Authority, subject to the maximum as stated in the Schedule of Charges.

- d. If the value of units in a Paid-Up Policy falls below the Minimum Fund Value as specified in the Policy Schedule, the policy will be cancelled. The amount payable on cancellation would be the Unitised Fund Value arrived at after deduction of the Surrender Charge as specified in the Schedule of Charges. Upon payment of this benefit, the Policy terminates and no further benefits are payable. A cancelled Policy will not be re-instated under any circumstances. The Surrender Charge will be determined by us at our sole discretion from time to time with prior approval from the Insurance Regulatory and Development Authority, subject to the maximum as stated in the Schedule of Charges.
- (iv) If at any time the value of units in a policy falls to zero, the risk cover ceases immediately. We have the discretion to request for additional premiums or cancel the policy.

6. Investment Linked Funds

- (i) We will maintain a number of investment-linked Funds in order to determine the benefits under this Policy and certain other policies issued by us from time to time.
- (ii) Each Fund is divided into units. In any investment linked Fund, units of any particular type shall be of equal value. You will not hold the units directly and the assets of each Fund will belong to us.
- (iii) We decide what assets the Funds invest in.
- (iv) We may close, withdraw, modify, split or combine Funds or introduce new Funds with prior approval from the Insurance Regulatory and Development Authority. 'Withdraw' means no further payments will be accepted into the Fund, any existing units held in the Fund will continue to be allocated. 'Close' means we will encash all the units, which exist for a Fund and terminate the Fund.
- (v) Where we close or withdraw a Fund, we will notify you, three months in advance that, we will switch any existing units in that Fund and / or apply any future Premiums which would have been applied to that Fund to another Fund that has, in our opinion, the closest investment objectives to the original Fund. During the three month notice period, you can switch to any other available Fund in terms of Provision 12 (Fund Switches). Any charges, which are normally deducted for a switch of Funds, as outlined in Provision 14 (Charges) will not be deducted in these circumstances.
- (vi) We will not allocate units in any investment-linked Fund unless assets equivalent to those units are added at the same time to the Fund. We will also not withdraw assets from any such Fund (except to meet the deductions described in section (viii) of this Provision) unless units equivalent to those assets are cancelled at the same time. Units will only be cancelled in any such Fund under the terms of Provision 14 (Charges), and assets equivalent to the cancelled units will be withdrawn from the same Fund at the same time.
- (vii) We will add the income from the assets of an investment linked Fund to that Fund.
- (viii) We can deduct from the assets of an investment linked Fund any amounts that we decide are appropriate to cover:
 - expenses, taxes and statutory duties due to the buying and selling of assets;
 - part or all of any tax, statutory levy or other statutory/regulatory charge on us allocated to the Fund; and
 - the management charges described in Provision 8 (Management Charges on Investment Linked Funds).

7. Valuation of Investment Linked Funds

- (i) At such intervals as we may decide, but usually each day the financial markets are open, we will value each investment linked Fund so that we can set the prices of units as specified in Provision 9 (Unit Prices).

- (ii) The maximum and minimum values of a Fund are based on the maximum and minimum values of assets in that Fund, allowing for any cash that has not been invested, an estimate of income earned but not received, an estimate of charges incurred but not yet paid, allowance for future deductions of the types described in Provision 6(viii), allowance for investment transactions made but not yet settled and allowing for the expenses of purchasing or selling assets.
- (iii) The maximum value of an asset will not be greater than the market price at which it could be bought allowing for the expenses of buying assets.
- (iv) The minimum value of an asset will not be less than the market price at which it could be sold allowing for the expenses of selling assets.
- (v) The value of quoted securities (such as stocks and shares) will normally be based on Indian market practice of market or fair value in accordance with regulations/guidelines/directives from the Insurance Regulatory and Development Authority (IRDA) or any applicable regulator. The investments in buildings and land will be based on valuations prepared and certified by independent valuers appointed by us and adjusted to take account of changes in prices, where material, since the last valuations. We will determine the values of all other assets.
- (vi) We will always make best endeavour to value the assets on each day the financial markets are open. In certain extreme circumstances this may not be possible, as the value of assets may be too uncertain. In such circumstances we may defer the valuation of assets until normality returns. Examples of such circumstances are:
 - When one or more stock exchanges which provide a basis for valuation for a substantial portion of the assets of the Fund are closed other than for ordinary holidays.
 - When, as a result of political, economic, monetary or any circumstances out of our control, the disposal of the assets of the unit Fund are not reasonable or would not reasonably be practicable without being detrimental to the interests of the remaining Unit holders.
 - During periods of extreme volatility of markets during which surrenders and switches would, in our opinion, be detrimental to the interests of the existing Unit holders of the Fund.
 - In the case of natural calamities, strikes, war, civil unrest, riots and 'bandhs'.
 - In the event of any force majeure or disaster that affects our normal functioning.
 - If so directed by the IRDA or any applicable regulator.
