At maturity you will receive your Fund Value. Fund Value will be calculated by multiplying balance units in your fund by the then prevailing unit price. Your policy matures at the end of policy term you have chosen. All your risk cover ceases at the end of policy term.

You can also take your fund value at maturity in periodical instalments under settlement option. Please refer Terms and Conditions section for more details.

B. Death Benefit: Benefits payable in case of unfortunate demise of Life Assured

In case of the Life Assured's unfortunate demise, we will pay to the nominee the highest of the following:

- Sum Assured,
- Fund Value,
- 105% of the premium(s) paid.

The policy will terminate thereafter and no more benefits will be payable.

C. Partial Withdrawal: Withdraw amount from your Policy Fund Value

You can withdraw money from your funds to meet any future financial emergencies. Lump sum partial withdrawals can be made from your funds after 5 complete policy years, provided the Life Assured is at least 18 years of age.

D. Discontinuance of Premiums

Under this plan you get a grace period from your premium due date to pay your premiums. This plan has a grace period of 15 days for monthly mode and 30 days for other modes.

<u>Discontinuance before completion of 5 years from commencement of the policy</u>

The following provisions are applicable for policies other than Single premium payment policies.

If you have not paid your premium by the expiry of the grace period, then you will have the following options:

1. To revive the policy within a period of 2 years from the date of discontinuance, or
2. To completely withdraw from the policy without any risk cover

If the policyholder does not exercise any option, the default option is withdrawal.

Until the discontinuance of the policy, the risk cover will remain in-force and policy charges will continue to be deducted.

Once the policy is discontinued, the risk cover will cease and the fund value (as on date of discontinuance) will be moved to the 'Discontinued Policy Fund'. The minimum guaranteed interest rate applicable to the 'Discontinued Policy Fund' shall be as per the prevailing regulations and is currently 4% p.a. The excess income earned in the discontinued fund over and above the minimum guaranteed interest rate shall also be apportioned to the discontinued policy fund in arriving at the proceeds of the discontinued policies and shall not be made available to the shareholders.

The asset allocation for the Discontinued Policy Fund (SFIN: ULIF05110/03/11DiscontdPF101) shall be as per the prevailing regulatory requirements. Currently, the asset allocation is as follows:

Once the fund value is moved to the "Discontinued Policy Fund", a Fund Management Charge of 0.50% p.a. will be levied for amounts in the 'Discontinued Policy Fund' and no other charge will be levied.

If a discontinued policy is not revived, the proceeds will be paid out upon the completion of the lock-in period of five years.

In the special instances where the revival period is not completed at the end of the lock-in period, after the expiry of grace period, the policyholder will have following options:

- To revive the policy within a period of 2 years from the date of discontinuance, or
- To completely withdraw from the policy without any risk cover
- To receive the proceeds at the end of the Lock-in Period or revival period, whichever is later

If the policyholder does not exercise any option, the default option is withdrawal and payment of proceeds at the end of lock-in period.

In case of death of the Life Assured before the revival of a discontinued policy or before the payment of proceeds from 'Discontinued Policy Fund', the amount in the 'Discontinued Policy Fund' will be paid out to the nominee upon death. On payment of this amount, the policy shall terminate and no further benefit shall be payable.

<u>Discontinuance after completion of the 5 years from commencement of the policy</u>

The following provisions are applicable for policies other than Single and Limited premium payment of 5 years

In the instances where your policy is discontinued after the 5-year lock-in period then you will have following options

After the payment of discontinuance benefit, the policy shall terminate and no further benefits shall be payable under the policy.

At the time of revival:
- All due premiums which have not been paid shall be payable without charging any interest
- The proceeds of the discontinued policy shall be re-allocated in the segregated funds chosen by you based on prevailing unit prices, incase of discontinuance before the completion of 5 years from commencement of policy.
